Dear Hiring Manager,

I am writing to express my interest in a web development position at your organization. I am currently a student studying web development, with a strong interest in building responsive, user-friendly, and visually appealing websites.

Through my studies, I have gained hands-on experience with core web technologies such as HTML, CSS, and JavaScript, and I am continuing to develop my skills in modern frameworks and best practices. I enjoy turning ideas into functional designs and solving problems through clean and efficient code. I am especially motivated to learn from real-world projects and collaborate with experienced developers.

I am a quick learner, highly motivated, and eager to contribute to a team where I can grow my technical and professional skills. I believe my enthusiasm for web development, attention to detail, and willingness to learn would make me a valuable addition to your organization.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and passion for web development can contribute to your team.

Sincerely,
Your Name
